

## **WHY JOIN US?**

You deserve to be a part of an organization that understands you, will have your back, and calls you the same thing you were called in the service- a Marine. No matter where you served and for how long, Marines stepped on the same yellow footprints and will be there when a fellow brother or sister is in need. You can be a part of our camaraderie, unique to the Marine Corps League. Regular Membership is open to any honorably discharged Marine, Navy Fleet Marine Forces Chaplain or Navy Corpsman. Those who served in other branches of the military may join as Associate Members. Joining the Marine Corps League gives you an opportunity to pay it forward. The leaders you had in the Marine Corps put a lot of time and effort into making you the Marine you were then and are today. Your membership helps fellow Marines in your community with support and esprit-de-corps. Even if you think you are too busy, becoming a member is still a good idea. It gives you a chance to expand your network, find help in time of crisis, and perhaps make a contact for a new job search. Joining the Marine Corps League is a way to be a part of a growing organization that raises awareness of military service in our local communities.
